Telephone call saves farmer \$400. Gus Holman, pointing above, of Butte Four Corners, Calif., is a farmer who really values his telephone. Not long ago, he and his brother needed a tractor fast. They couldn't find one nearby at the price they wanted to pay. So they went to their telephone. With one call, they found just what they needed... at a saving of \$400. Cost of the call: only \$1. "Our telephone pays us back a lot more in time and money saved than it costs us," says Mr. Holman. And that's the aim of telephone people everywhere—to bring you the good service you need to get things done... and to bring it to you at low cost. Pacific Telephone works to make your telephone a bigger value every day.
